

## PRODUCT DATA BULLETIN

### Cleaner Blend 300 Release Agent

ITW Devcon has a variety of Specialty Products that help the maintenance mechanics do their job more efficiently.

#### **CLEANER BLEND 300:**

Cleaner Blend 300 is a multipurpose, non-trichlorethane base degreaser for use on heavy grease and oil deposits on metal. The product does not have to be rinsed and leaves no residue. Clean Blend 300 is fast evaporating and great for degreasing tanks and general cleaning. Flashpoint: 105°F.

#### **RECOMMENDED APPLICATIONS:**

- Any metal surfaces, alloys and porous castings.
- Used on rubber surfaces, plastics, wood and concrete surfaces.
- Removes dirt, oil, tar, and grease.

#### **APPLICATION INFORMATION:**

Severe surface contamination may require mechanical preparation prior to the application of Devcon Cleaner Blend 300. This may be accomplished through abrading, grinding, or shot blasting. Following this procedure, Cleaner Blend 300 should be applied generously and completely over the desired surface. The area should then be thoroughly wiped with a clean cloth and allowed to dry prior to application of epoxy or urethane products.

#### **RELEASE AGENT:**

Release Agent is a silicone-type agent that prevents Devcon epoxies, urethanes from sticking to patterns, molds surfaces. Flashpoint: 115°F.

#### **RECOMMENDED APPLICATIONS:**

- Any metal surfaces, alloys, porous castings
- Rubber surfaces, plastics, and concrete

#### **APPLICATION INFORMATION:**

Take a clean lint-free cloth and pour a generous amount of Release Agent onto the cloth. Lightly rub out the part or piece of equipment gently, leaving a thin, shiny coat. Let dry for 3-5 minutes until agent is semi-dry to the surface. You are now ready to pour epoxies or urethanes over the released agent.

#### **PRECAUTION:**

For complete safety and handling information, please refer to the appropriate Material Safety Data Sheets prior to using this product.

**For technical** assistance, please call 1-800-933-8266.

Warranty: Devcon will replace any material found to be defective. Because the storage, handling and application of this material is beyond our control, we can accept no liability for the results obtained.
